THERABREATH × THE FLAVOR FACTORY | PRINCETON, NEW JERSEY | NOVEMBER 9, 2026

You're invited.

The Future *of Freshness*

Monday, November 9, 2026 | 10:00 AM to 12:00 PM ET · Darwin room

A LETTER FROM THE FLAVOR FACTORY

Hello,

In July you came to Norco and saw how we make flavor. On November 9 we come to Princeton with something different: our flavor expertise, consumer and market observations, trend insights and innovation work, aimed at the goal in Ross's invitation: *new flavor experiences that strengthen TheraBreath's appeal with loyal users and attract new consumers.*

So the morning is built around your four objectives, and around real work: four samples from our development bench, made in the TheraBreath bases you sent us. You will taste, score and discuss. By noon we will agree three directions to develop, with owners and dates, and we will write them up as a Flavor Playbook for everyone in the room.

Two names for one morning: *The Future of Freshness* is the session. *The Flavor Playbook* is the write-up that follows it.

Who you will meet from The Flavor Factory: Dan Wixted, President; Alex Wixted, Business Operations; Ryan Wixted, Quality Control; and Matt Wixted, Director of Operations.

This page is here so you arrive ready to discuss, not just listen. It takes five minutes.

The Flavor Factory

THE THESIS AND THE GROWTH MATH

TheraBreath took away the burn.

Now let's give more people a reason to want it.

25.3%

Share of US mouthwash in Q2 2026, up 4.5 points. Number 2.

14%

of US households buy TheraBreath, against 65% for the category. 86 of every 100 have not met it yet.

54%

of Americans want a milder-tasting mouthwash. Intensity is becoming a choice.

Sources: Church & Dwight Q2 2026 earnings call, July 31, 2026; Kenvue press release, June 2, 2026.

SEVEN SIGNALS WE WILL DEBATE · WE WILL PICK THREE TOGETHER

01 **Mild is the new mainstream.**
Own intensity as a choice, not a compromise.

02 **Warmth meets freshness.**
A new adult flavor family that still finishes cool.

03 **Fruit grows up.**
Fruit-forward mints for adults, not candy.

04 **Botanicals and rituals.**
Flavor that marks a moment in the day.

05 **Edible allure.**
Indulgent openings are welcome only if the finish is unmistakably clean.

06 **Sensation is the new proof of efficacy.**
Design how TheraBreath feels, not just how it tastes.

07 **New mouths, new needs.**
Flavor built for altered taste and comfort is a platform, not a niche.

FOUR QUESTIONS WE WILL ANSWER TOGETHER

01
What's changing?

ACT I

Identifying emerging flavor, sensory, and consumer trends that could influence the future of oral care.

What is changing

02
What could freshness become?

ACTS II AND III

Exploring new flavor territories and sensory experiences that can differentiate TheraBreath from competitors and create memorable consumer experiences.

Where flavor can go

03
Where can flavor create growth?

ACT IV

Developing innovative flavor concepts that unlock new usage occasions, address new consumer segments, and create opportunities for portfolio expansion.

What we could make

04
What do we do with all of this?

ACT V

Generating a pipeline of innovation platforms, flavor directions, and white-space opportunities that have the potential to drive incremental growth across the portfolio.

What we do first, next and later

FOUR SEALED PLATFORMS

01
Plant-Powered Freshness

Explore botanical freshness through citrus, herbs and florals, with a mint finish.

WHICH BOTANICAL DIRECTION FEELS RIGHT FOR THERABREATH?

02
Global Brightness

Familiar citrus opens a door to new flavor experiences.

WHERE CAN CITRUS TAKE FRESHNESS BEYOND ANOTHER MINT?

03
Modern Clean

Explore green, gentle freshness for people who find mouthwash too intense.

CAN GENTLE FEEL UNMISTAKABLY FRESH?

04
Next-Generation Kids

Flavor makes the routine: playful discovery that invites curiosity.

COULD A RECURRING MYSTERY FLAVOR MAKE THE ROUTINE MORE ENGAGING?

THE MORNING

10:00	Welcome: who we are, and your four objectives	
10:10	Your portfolio, the market, and what is changing	OBJECTIVE 01
10:25	Flavor School and four opportunity platforms	OBJECTIVE 02
10:40	A blind tasting made in your bases	OBJECTIVE 02
11:00	From samples to concepts: who, when and what role	OBJECTIVE 03
11:20	White space and the pipeline: Now, Next, Later	OBJECTIVE 04
11:40	Our roadmap, owners and next steps, and a short film to send you to lunch	

YOUR TWO MINUTES OF HOMEWORK

Complete your two-minute homework from your personal invitation. Your answers open the morning.

THREE THINGS TO THINK ABOUT ON THE WAY IN

1

One flavor experience a loyal TheraBreath user would welcome, and one that would bring in someone who has never bought it.

2

The flavor note you expect to be hardest to hold in an oxidizing base, and why.

3

The moment in the day when TheraBreath is not there yet, and what it would have to taste like to earn it.

You will leave with three directions, *owners and dates.*

WHEN

Monday, November 9, 2026
10:00 to 12:00 ET

WHERE

Darwin room, Church & Dwight
469 N Harrison St,
Princeton, NJ 08540

BRING

Curiosity, and an appetite for something other than mint

Confidential. The samples you will taste are development concepts made for this conversation: not products, claims or commercial formulations. This page, the room and the write-up stay between the people in them.
