NOVEMBER

YOUR BRIEF, OUR AGENDA

You asked for four things. *Here is how we will deliver them by noon.*

01

Identify emerging flavor, sensory and consumer trends shaping the future of oral care.

ACT I
CHAPTER: WHAT IS CHANGING

02

Explore new flavor territories and differentiated sensory experiences.

ACTS II AND III
CHAPTER: WHERE FLAVOR CAN GO

03

Generate concepts that create new occasions, engage new consumers and expand the portfolio.

ACT IV
CHAPTER: WHAT WE COULD MAKE

04

Develop a pipeline of platforms, flavor directions and white space for incremental growth.

ACT V
CHAPTER: WHAT WE DO FIRST, NEXT AND LATER

AND ONE GOAL, IN YOUR WORDS

New flavor experiences that *strengthen our appeal with existing loyal users* and *attract new consumers to the franchise.*

Answers arrive from the pre-work survey.

Which moment of the day is TheraBreath missing?

Answers arrive from the pre-work survey.

FLAVORS YOU WOULD NEVER APPROVE

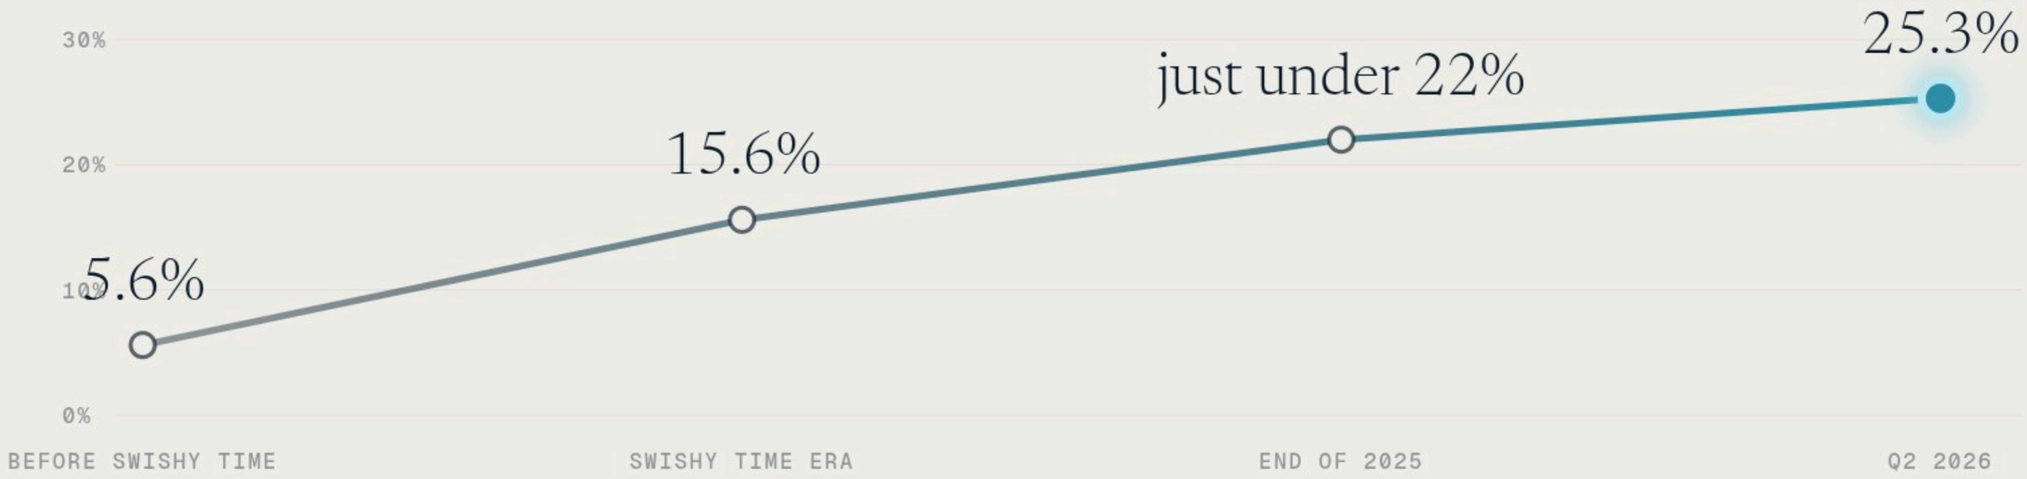

Vetoes arrive from the pre-work survey.

TheraBreath took away the burn.
Now let's add the want.

THE CLIMB · US MOUTHWASH SHARE

Number 2 in US mouthwash. *Next stop: number 1.*

25.3% in Q2 2026, up 4.5 points. Consumption growth above 20%.

Watermelon Mint, alcohol-free, limited time, Target exclusive.

Dentistry Today, July 18, 2025

MARCH 2026

Listerine

Citrus Mint with grapefruit and yuzu, alcohol-free, Target.

Dentistry Today, March 12, 2026

MARCH 2026

TheraBreath

Eucalyptus Mint, Target exclusive.

DrBicuspid, March 3, 2026

JUNE 2026

Listerine

An intensity range including Extra Mild, citing that 54% of Americans want a milder-tasting mouthwash.

Kenvue press release, June 2, 2026

2025 TO 2026

Hismile

Toothpaste as entertainment: collaborations with Lucky Charms, Reese's, KFC and more.

Public press coverage, 2024 to 2026

SIGNAL 1 OF 7

Mild is the new mainstream.

54% of Americans want a milder-tasting mouthwash.

Kenvue press release, June 2, 2026

Gentleness is now a category-wide claim, a space TheraBreath's "no burn" promise opened.

Kenvue press release, June 2, 2026

SO WHAT FOR THERABREATH

Own intensity as a choice, not a compromise.

SIGNAL 2 OF 7

Warmth meets freshness.

Frosted Star Anise is the 2026 Flavor of the Year. Two-thirds of consumers recognize star anise, only 34% have tasted it.

dsm-firmenich press release, December 2025

Sweet heat ("swicy") keeps growing.

Kerry Taste Charts 2026

SO WHAT FOR THERABREATH

A new adult flavor family that still finishes cool.

SIGNAL 3 OF 7

Fruit grows up.

Black Currant is McCormick's 2026 Flavor of the Year.

McCormick, December 2025

Dragon fruit is a breakout global flavor; hibiscus and orange blossom are future flavors.

Kerry Taste Charts 2026

SO WHAT FOR THERABREATH

Fruit-forward mints for adults, not candy.

SIGNAL 4 OF 7

Botanicals and rituals.

TheraBreath Eucalyptus Mint and Overnight Chamomile Mint already exist; "Swishy Time" reframed oral care as self-care.

DrBicuspid, March 3, 2026

Pantone's 2026 Color of the Year, Cloud Dancer, signals a hunger for calm.

Pantone, December 2025

SO WHAT FOR THERABREATH

Flavor that marks a moment in the day.

SIGNAL 5 OF 7

Edible allure.

Dessert-inspired oral care flavors are a rising trend.

VML, The Future 100: 2026

Gen Z treats flavor as identity.

VML, The Future 100: 2026

SO WHAT FOR THERABREATH

Indulgent openings are welcome only if the finish is unmistakably clean.

SIGNAL 6 OF 7

Sensation is the new proof of efficacy.

Tingling, warming, salivating and fizzing are used to signal that a product is working.

Perfumer & Flavorist, "From Mint to Marshmallow," April 29, 2026

Next-generation coolers promise fast onset and long linger (for example Optacool Fuji).

Symrise, February 13, 2025

SO WHAT FOR THERABREATH

Design how TheraBreath feels, not just how it tastes.

SIGNAL 7 OF 7

New mouths, new needs.

1 in 8 US adults currently take a GLP-1; users commonly report dry mouth, bad breath and taste changes, though studies have not established that the drugs cause them.

CareQuest Institute, August 2026

More than 25 million Americans live with dry mouth.

Perfumer & Flavorist, "From Mint to Marshmallow," April 29, 2026

SO WHAT FOR THERABREATH

Flavor built for altered taste and comfort is a platform, not a niche.

FLAVOR SCHOOL · HOW COOL WORKS

Cooling has two jobs.

The first impression and the last impression. We design both.

Illustrative curves for teaching, not measured data.

FLAVOR SCHOOL · FLAVOR IN AN OXIDIZING WORLD

OXYD-8 is designed to be tough on odor-causing bacteria. That also makes it a demanding home for flavor.

01 pH control

02 Protective solubilization

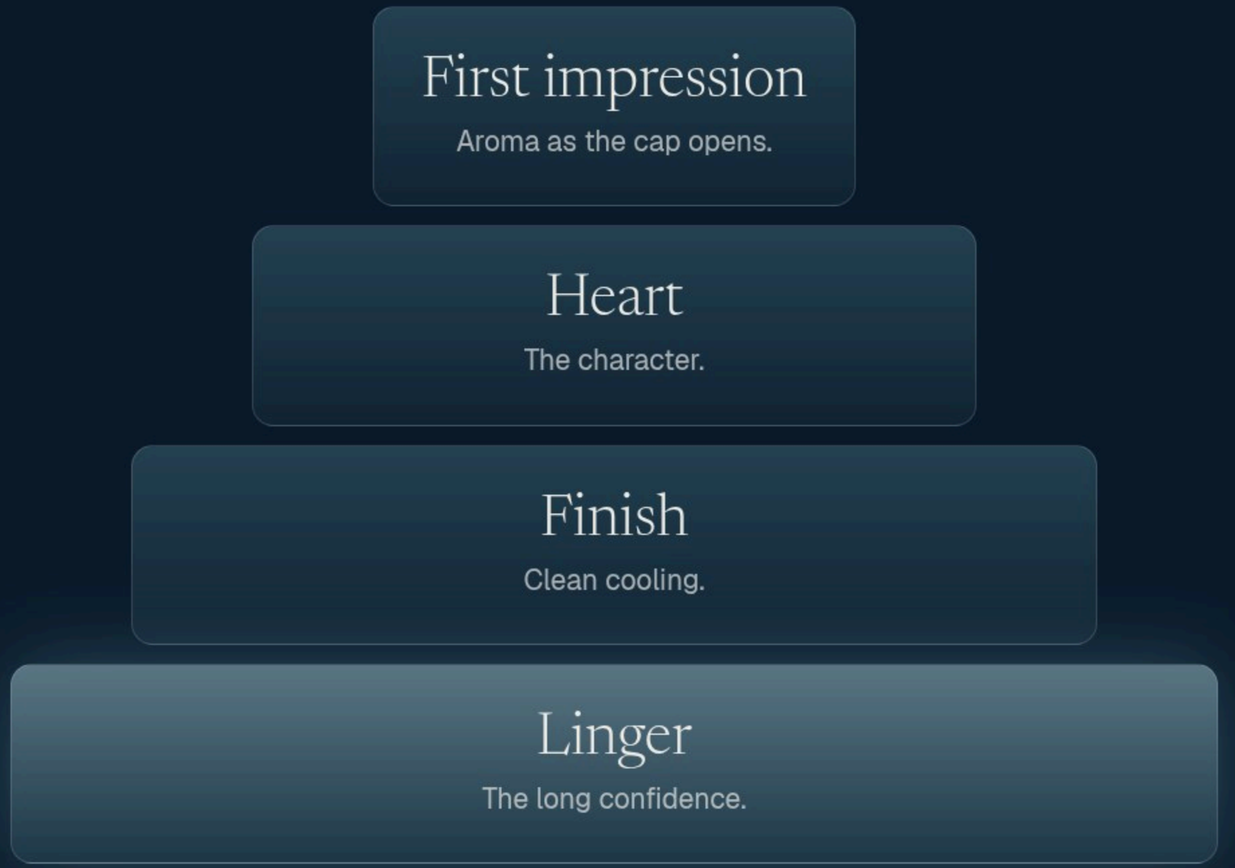

03 Choosing materials that hold up

We don't just make it taste good. We make it survive.

FLAVOR SCHOOL · ANATOMY OF A THERABREATH FLAVOR

However adventurous it starts, *it must finish fresh.*

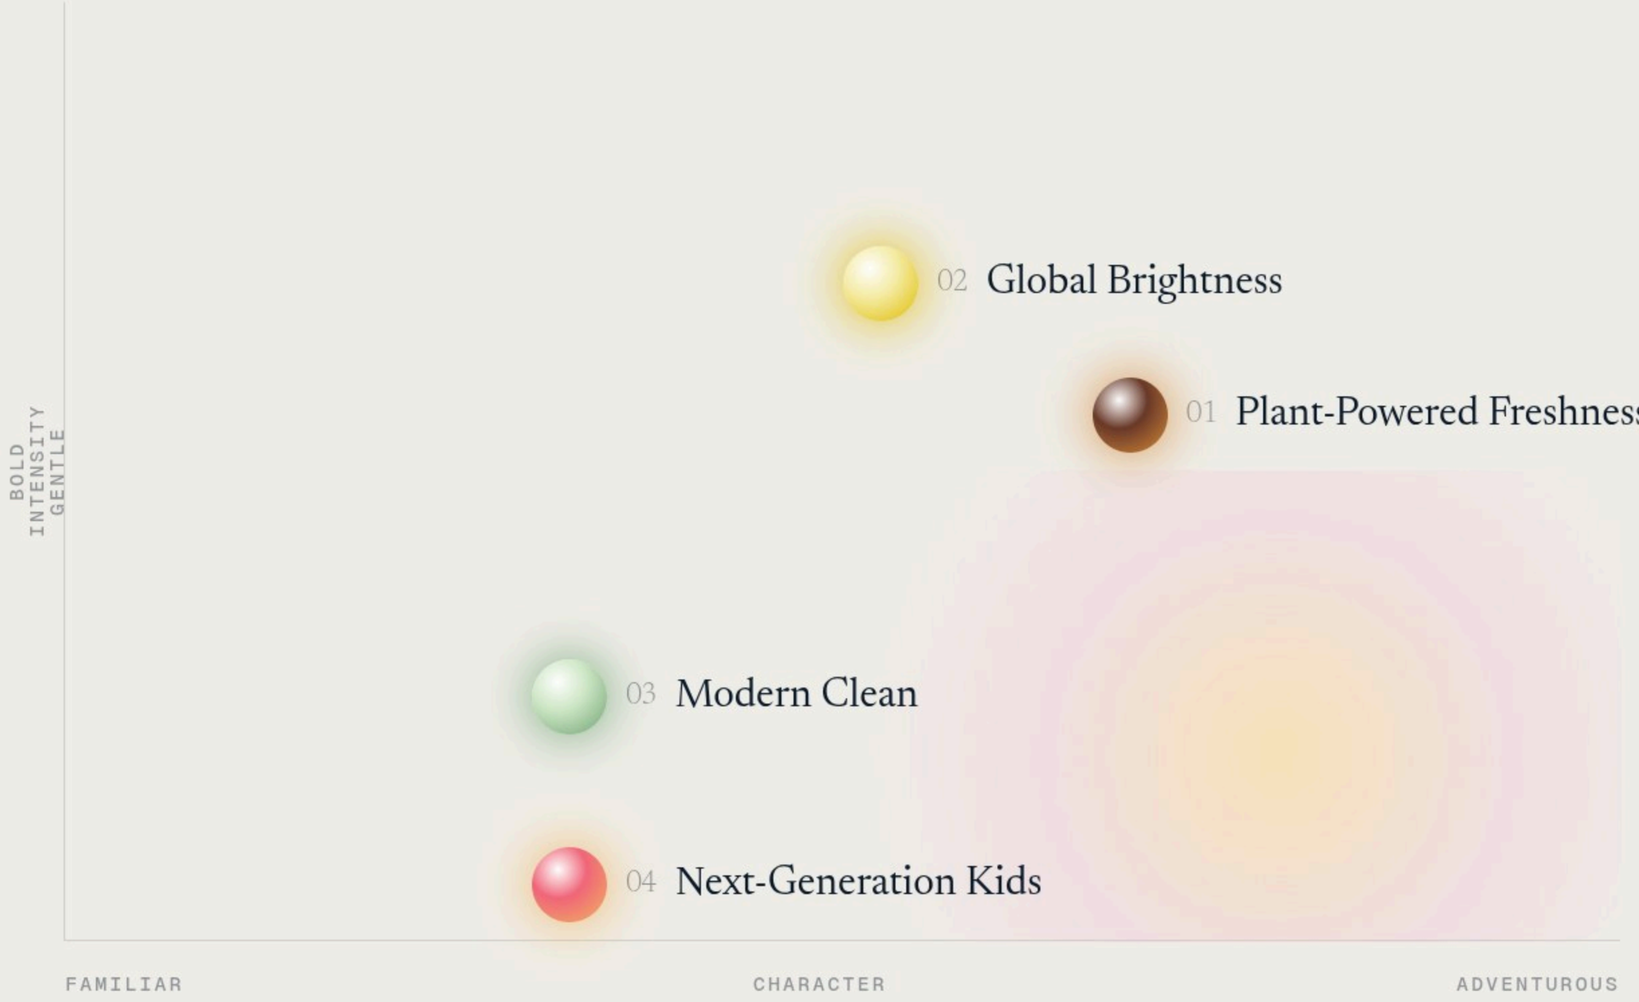

FOUR OPPORTUNITY PLATFORMS

Where flavor *can go next.*

Four questions to explore. Today's samples help us decide where to develop next.

Our perspective, illustrative.

PLATFORM 1 OF 4 · SCREEN FIRST · EVERYDAY DISCOVERY

Plant-Powered Freshness

A direction to explore together

Explore botanical freshness through citrus, herbs and the contrast of warmth and cool.

WHY NOW

Ryan is developing two complementary herbal directions for this workshop.

THE OPPORTUNITY

Which botanical direction feels right for TheraBreath?

Sample details revealed after tasting.

SENSORY SIGNATURE

Bright citrus, aromatic herbs, a fresh mint finish. Sensory targets to evaluate.

WHO

Adults looking for a new botanical freshness experience.

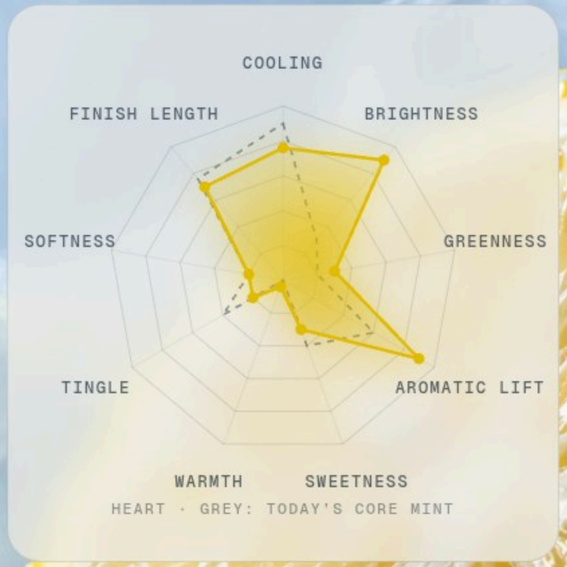

Development concepts. Base compatibility and final sample readiness to be confirmed by Ryan.

PLATFORM 2 OF 4 · SCREEN FIRST · WAKE · PRE-SOCIAL

Global Brightness

A direction to explore together

Familiar citrus opens a door to new flavor experiences.

WHY NOW

A proposed direction to discuss alongside the current lab work.

THE OPPORTUNITY

Where can citrus take freshness beyond another mint?

Sample details revealed after tasting.

SENSORY SIGNATURE

A citrus flash, aromatic yuzu, a cold crystalline finish.

WHO

Morning people, pre-social moments, international consumers.

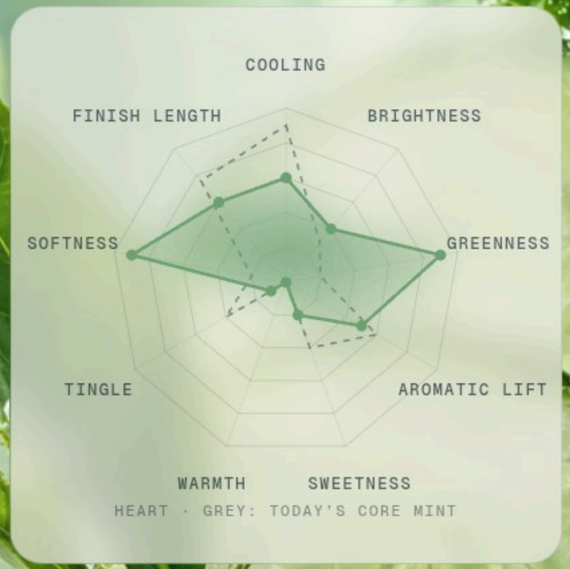

Exploration concept to discuss on screen; not in the tasting flight.

PLATFORM 3 OF 4 · **SCREEN FIRST** · MIDDAY RESET

Modern Clean

A direction to explore together

Explore green, gentle freshness for people who find mouthwash too intense.

WHY NOW

A proposed sensory direction, to be tested with consumers and in the intended base.

THE OPPORTUNITY

Can gentle feel unmistakably fresh?

Sample details revealed after tasting.

SENSORY SIGNATURE

Soft green cooling, gentle aromatic lift, calm finish.

WHO

Wellness-minded adults; the "mouthwash is too harsh" non-user.

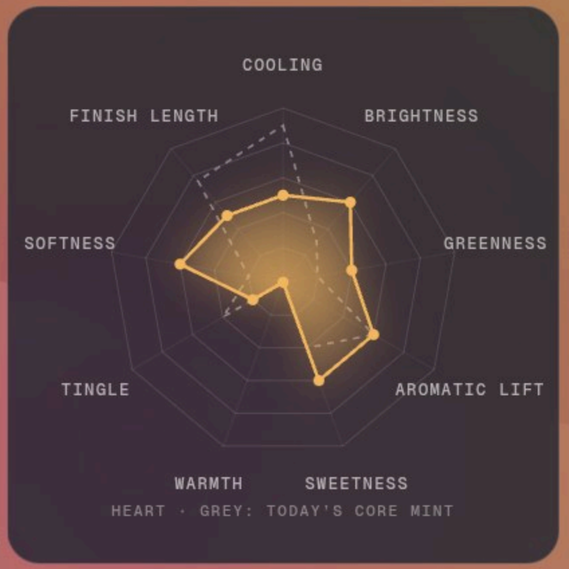

Exploration concept to discuss on screen; not in the tasting flight.

PLATFORM 4 OF 4 · SCREEN FIRST · THE DAILY ROUTINE

Next-Generation Kids

A direction to explore together

Flavor makes the routine: playful discovery that invites curiosity.

WHY NOW

Ryan is developing new kids rinse options. Mystery Flavor is the leading candidate.

THE OPPORTUNITY

Could a recurring mystery flavor make the routine more engaging?

Sample details revealed after tasting.

SENSORY SIGNATURE

A playful fruit blend; evaluate sweetness, finish and age-appropriate appeal.

WHO

Kids and families; consumer appeal remains a hypothesis.

Mystery Flavor is most likely. Second kids sample to be selected with Ryan.

ENGINEERING READOUT

STABILITY RISK — Low
Mint terpenes and cooling agents are robust in oxidizing systems.

READINESS — Proven today
Territory evidence, adjusted for the stability risk above.

FORMAT FIT — Rinse · Toothpaste
Fast onset and tingle suit strips and gum; soft profiles suit rinse and spray.

HORIZON — Now · 2027
Proven and low risk ships first; anything to screen goes later.

FLAVOR CODE CHECK

- Fresh first.
- Clean by design.
- Built to last.
- Dentist credible.
- Never the burn.
- Built for OXYD-8.
- A name you can taste.

Rules of thumb from public literature. The TFF lab confirms on the bench.

First, next *and later.*

	Now 2027 LAUNCHES	Next 2028	Future 2029 TO 2030
Core The always-on mints. Retain and carry the clinical claims.			
Expanders Permanent flavors beyond pure mint. Recruit mild-seekers and adventurous adults.			
Explorers Limited editions, seasonal drops, exclusives, collaborations. News, shelf space, trial.			
Specialists Need-states where flavor is part of the benefit: dry mouth, night, kids, sensitive.			

CHAPTER 5 · THE FLAVOR CODE

Seven rules *every flavor keeps.*

1 **Fresh first.**
Every flavor finishes clean and fresh, wherever it starts.

2 **Never the burn.**
Gentle intensity, no alcohol bite.

3 **Clean by design.**
Dye-free and alcohol-free, with natural flavors wherever possible.

4 **Built for OXYD-8.**
Every flavor is screened for stability in TheraBreath's chemistry.

5 **Built to last.**
A linger that supports all-day freshness claims.

6 **A name you can taste.**
Each flavor is distinct and nameable, not "another mint."

7 **Dentist credible.**
Fun is welcome. Frivolous is not.
