STRATEGIC PARTNER BRIEFING

INNOVATION TASTING SESSION

Welcome

Fresh thinking. Disciplined execution.

Dear TheraBreath Team,

Thank you for joining us at The Flavor Factory for this capabilities review. As your long-standing flavor partner, we are excited to share not only our current capabilities but a bold vision for the future of fresh breath.

This booklet highlights five new prototype concepts developed specifically for your growth trajectory. Each was crafted in our labs with your core values - clean, effective, and sensorially superior - in mind.

We look forward to your candid feedback and to co-creating the next chapter of TheraBreath innovation together.

Sincerely,

Dan Wixted

President, The Flavor Factory

Flavor Trends Shaping Oral Care

Freshness is evolving from a single-note mint expectation into a broader portfolio of wellness-led sensory experiences.

1

Functional + sensory pleasure

Wellness benefits paired with memorable freshness.

2

Beyond mint

Dessert, tropical, herbal-calming and nuanced mint adjacencies.

3

Clean-label orientation

Natural-forward profiles with clear, approachable cues.

4

Segment expansion

Kid-friendly fun and adult indulgence can coexist in oral care.

5

Seasonal energy

Limited editions create trial, conversation, and repeat discovery.

Finish" / "Guilt-Free
Dessert Breath"

TASTING NOTES

Indulgent yet sophisticated -
balancing treat and treatment.

How to Taste Like a Pro

Use a consistent tasting protocol so feedback is comparable, actionable, and connected to launch potential.

1

Swish

Swish 10-15 ml for 10 seconds.

2

Notice

Note aroma, flavor intensity, and cooling effect.

3

Evaluate

Assess aftertaste and duration of freshness.

4

Rate

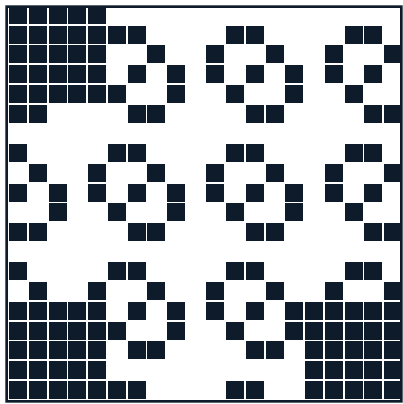

Score overall liking and purchase intent.

Calibrate. Taste. Discuss. Decide.

Your Feedback

Capture what works, what can be improved, and which prototypes merit further development.

Flavor	Overall Liking (1-10)	Uniqueness	Purchase Intent	Comments / Suggested Improvements

Co-Creation & Next Steps

We are ready to move fast:

- Compound larger pilot batches
- Conduct formal sensory panels
- Develop custom claims and packaging concepts
- Scale winning concepts into production

Strategic partnership document designed for the future growth of TheraBreath.
