FROM ROSS'S INVITATION

We've built the morning *around your four objectives.*

01

Identifying emerging flavor, sensory, and consumer trends that could influence the future of oral care.

10:10 TO 10:25
WHAT'S CHANGING

02

Exploring new flavor territories and sensory experiences that can differentiate TheraBreath from competitors and create memorable consumer experiences.

10:25 TO 11:00
WHERE FLAVOR COULD GO

03

Developing innovative flavor concepts that unlock new usage occasions, address new consumer segments, and create opportunities for portfolio expansion.

11:00 TO 11:20
WHAT WE COULD MAKE

04

Generating a pipeline of innovation platforms, flavor directions, and white-space opportunities that have the potential to drive incremental growth across the portfolio.

11:20 TO 11:40
WHAT TO DO FIRST

AND THE GOAL BEHIND THEM

"...new flavor experiences that both *strengthen our appeal with existing loyal users* and *create opportunities to attract new consumers to the franchise.*"

PART 1 OF 4 · 10:10 TO 10:25

What's changing

FROM ROSS'S INVITATION

"Identifying emerging flavor, sensory, and consumer trends that could influence the future of oral care."

TheraBreath took the burn out of mouthwash.

The next job is giving more people a reason to want it.

OUT OF EVERY 100 HOUSEHOLDS

TheraBreath is already number 2 in mouthwash.

14	buy TheraBreath
51	buy another mouthwash
35	don't buy mouthwash at all

Flavor could give more of these households a reason to try it.

FOR THE ROOM

Which group is a new flavor for: the 51 or the 35?

65

OF 100 BUY MOUTHWASH

WHERE THERABREATH STANDS

TheraBreath has been alcohol-free and dye-free from the start, its original rinse is made with sodium chlorite, and it already has a kids line. *Where can flavor add another reason to choose TheraBreath?*

TO DISCUSS · TREND 1 OF 7 · SEEN IN ORAL CARE

People want milder mouthwash.

54% of Americans say they want a milder-tasting mouthwash, in a survey Kenvue cites.

Kenvue press release, June 2, 2026 (the 54% figure: Kenvue / Suzy survey, 2024, n = 1,019)

Listerine now sells a range of intensities, down to Extra Mild.

WHAT IT COULD MEAN FOR THERABREATH

Let people choose how strong they want it.

FOR THE ROOM

Is "milder" a flavor job, a cooling job, or both?

Where flavor could go

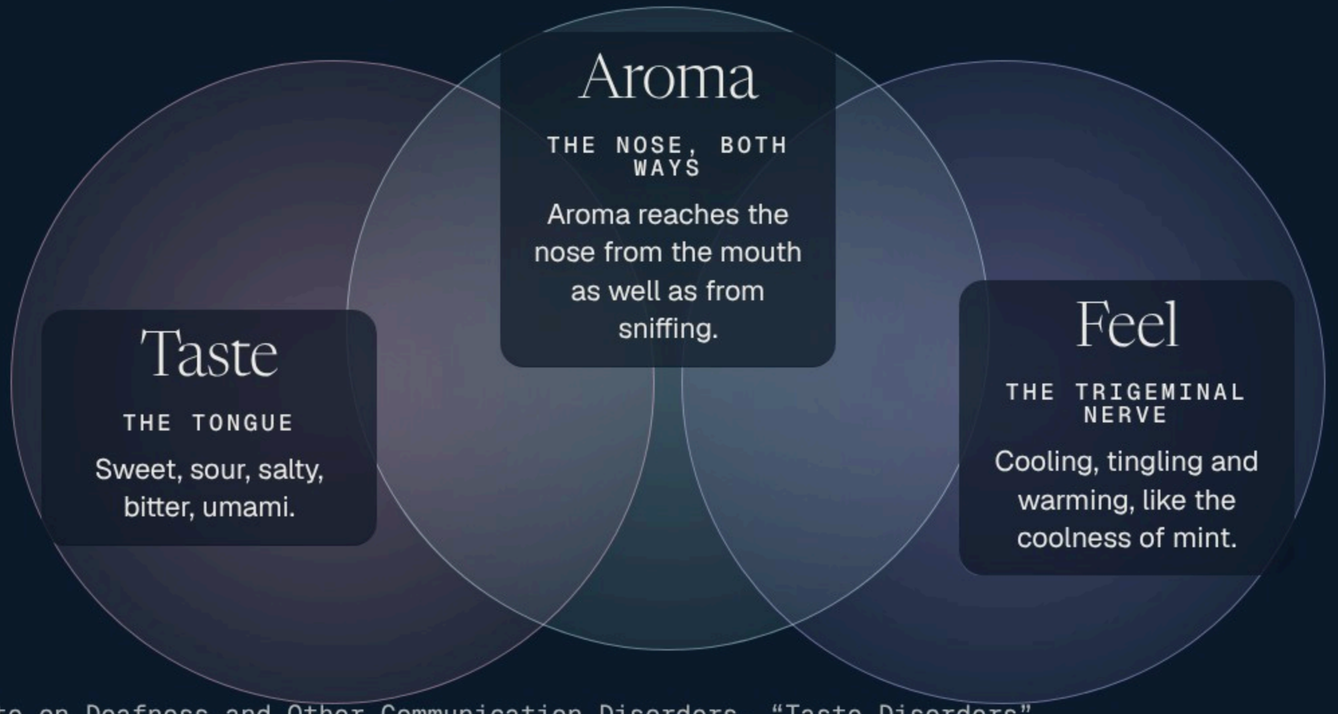

FROM ROSS'S INVITATION

"Exploring new flavor territories and sensory experiences that can differentiate TheraBreath from competitors and create memorable consumer experiences."

FLAVOR SCHOOL · THREE THINGS TO KNOW

Flavor combines taste, aroma *and mouthfeel.*

FLAVOR SCHOOL · THREE THINGS TO KNOW

Cooling does two jobs.

Cooling has an onset and a linger. We can work on both.

Drawn to explain the idea. Not measured, and not these samples.

FLAVOR SCHOOL · THREE THINGS TO KNOW

The flavor has to work in the actual base, *from the first rinse through shelf life.*

WHAT WE DO

01 Choose compatible materials

02 Work on incorporation and protection

03 Check stability in the agreed base

Whatever direction we take, *the finish needs to feel clean.*

FOUR DIRECTIONS

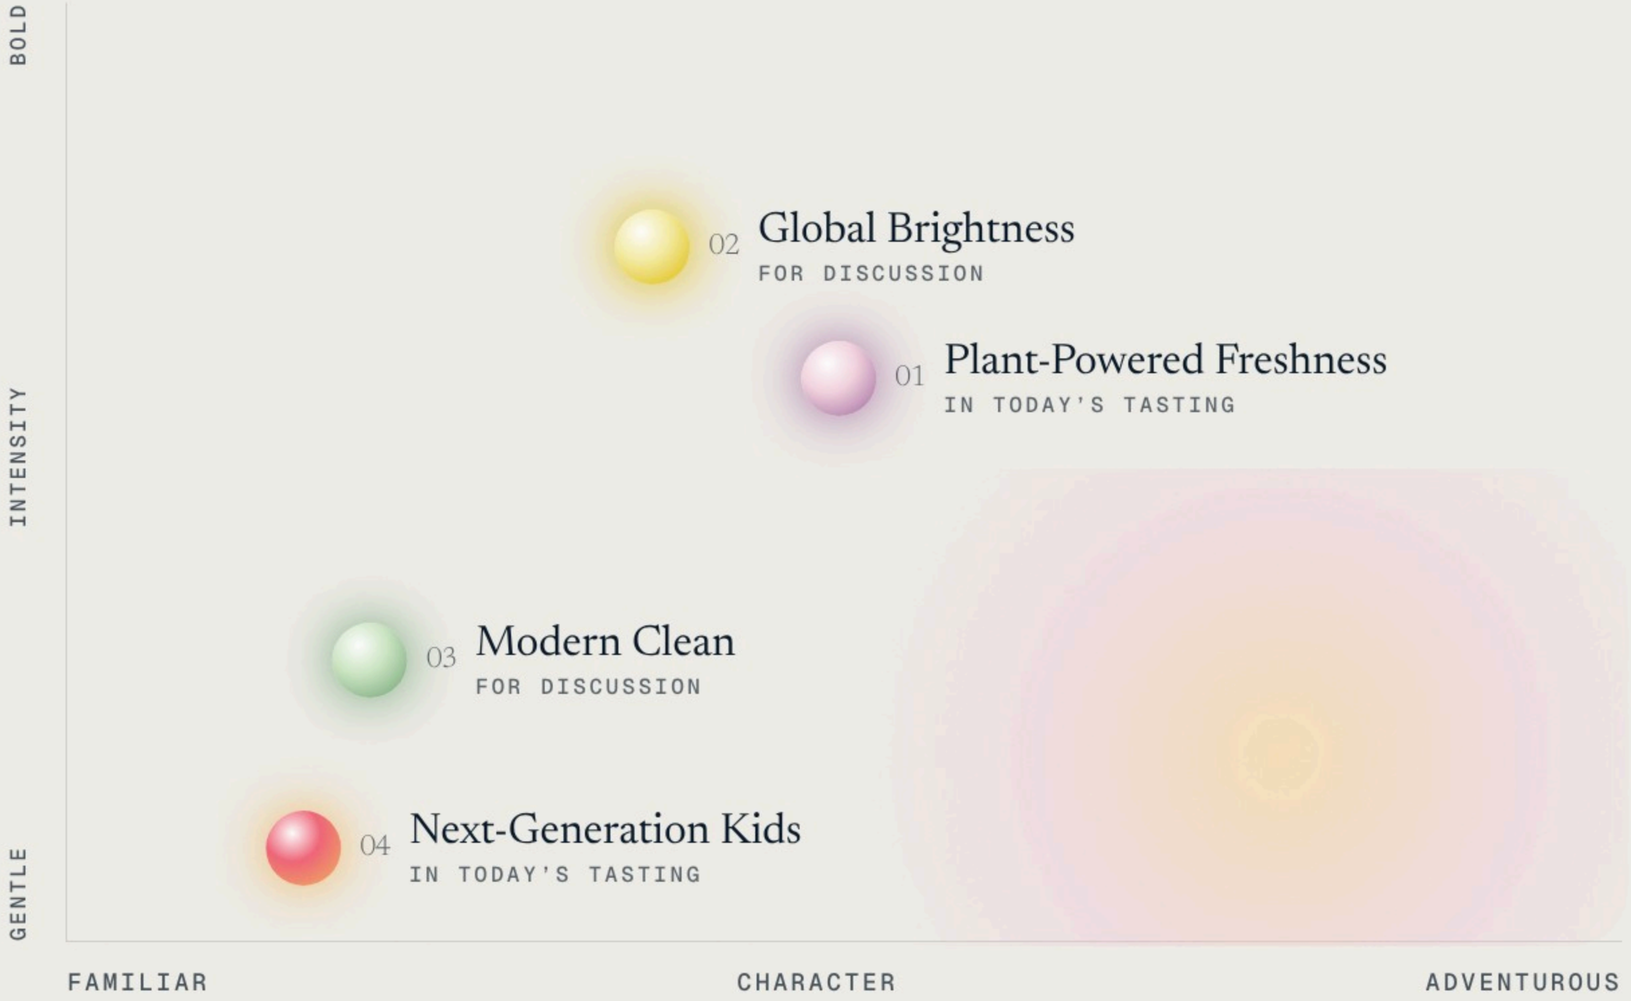

Where we think *flavor could go.*

Two of these are in today's tasting. For the other two, we just want your opinion.

Our view, not data.

FOR THE ROOM

Which direction feels most like TheraBreath, and which stretches it most?

DIRECTION 1 OF 4 · IN TODAY'S TASTING

Plant-Powered Freshness

Citrus, herbs and a touch of floral, always finished with mint.

THE FLAVOR ARC

FIRST	THEN	FINISH
Citrus	Herbs and florals	Mint

WHAT IT TASTES LIKE

It opens bright with citrus and herbs and finishes on mint.

We'll tell you which samples these are after the tasting.

WHO IT'S FOR

Adults who'd like something besides straight mint.

DIRECTION 2 OF 4 · FOR DISCUSSION

Global Brightness

Citrus people already know, taken somewhere new.

THE FLAVOR ARC

FIRST	THEN	FINISH
Citrus	Yuzu	Cold and clean

WHAT IT TASTES LIKE

A burst of citrus, then a cold, clean finish.

WHO IT'S FOR

Morning rinsers, people heading out the door, and markets outside the US.

DIRECTION 3 OF 4 · FOR DISCUSSION

Modern Clean

Green, gentle freshness for people who find mouthwash too strong.

THE FLAVOR ARC

FIRST	THEN	FINISH
Cucumber	Green tea	Soft cooling

WHAT IT TASTES LIKE

Soft cooling, a few green notes and a calm finish.

WHO IT'S FOR

People who skip mouthwash because they find it too harsh.

DIRECTION 4 OF 4 · IN TODAY'S TASTING

Next-Generation Kids

Flavors that make kids actually want to rinse.

THE FLAVOR ARC

FIRST	THEN	FINISH
Fruit	Sweet	Clean

WHAT IT TASTES LIKE

Fruity and fun. We especially want your read on the sweetness and the finish.

We'll tell you which samples these are after the tasting.

WHO IT'S FOR

Kids and their parents. We haven't tested it with consumers yet.

WHAT HAPPENS NEXT

Thank you. *Here's what happens next.*

01 An owner for each direction

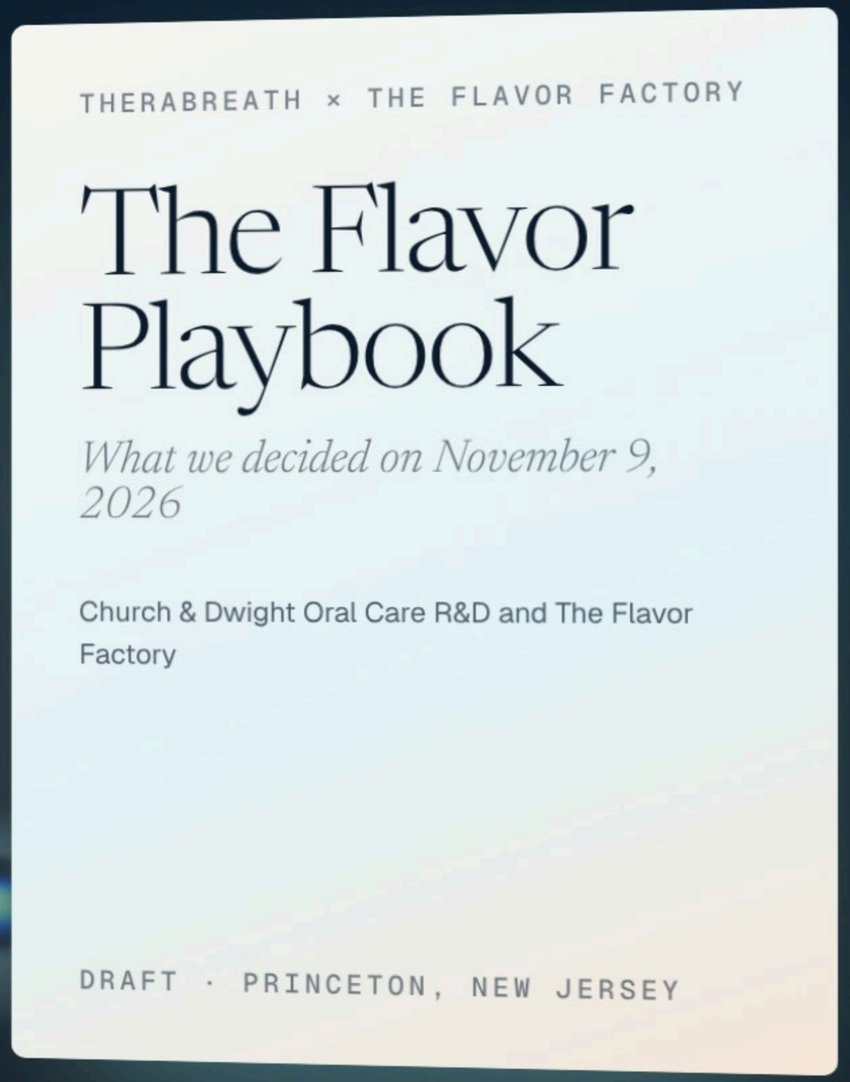

Before we leave today, every direction gets its consumer or occasion, a flavor brief, the next test, a TFF owner, a C&D reviewer, a base, a date for the next sample and an agreed next step.

02 The write-up within 8 business days

We'll pull today's scores, choices, owners and dates into one document and send it to everyone here.

03 The next round of samples

We'll make the next round in your bases and go through it with you in January 2027.
