Run sheet

THE FUTURE OF FRESHNESS · MONDAY, NOVEMBER 9, 2026 · DARWIN ROOM · FOR THE FLAVOR FACTORY TEAM · NOT FOR THE ROOM

FROM 9:30: SET UP THE ROOM

- [ ] Laptop to the TV. Open /host and press F for full screen. Only this laptop opens /host on the day: it moves everyone's phones. Keep the talking points (N) off while the laptop is mirrored to the TV, and use this sheet instead.
- [ ] Phones: people join by scanning the code on the first screen. Phones use their own data, so the room Wi-Fi only matters for the laptop. Ross offered to help us get on the network; if it fails, present from the backup PDF and the film file on the laptop (no voting).
- [ ] Sound: press End, then the left arrow once, to reach THE FLAVOR RACE. Play ten seconds through the room speakers and set the volume. Then press Home to go back to the start.
- [ ] Rehearse on /host?code=REHEARSE (the team page links to it), never on /host itself, so rehearsal votes stay out of the live session.
- [ ] Samples: A and B in the Fresh Breath base, C and D in the Kids base, poured blind into coded cups. Water to rinse, cups to spit, napkins.
- [ ] Paper scorecards as a backup for anyone who would rather not use a phone: a few copies and pens. Print from /scorecard. Hand votes can be added on screen by clicking a bar, an orb or a row.

10:40 to 11:00	A blind tasting in your bases OBJECTIVE 02 The blind tasting, Where each sample landed, Vote: what gets a next round	Pour A and B in the Fresh Breath base, C and D in the Kids base. Everyone scores each sample on their phone or the paper scorecard, and the scores fill the screen as they come in. D is the Mystery Flavor, so ask for fruit guesses before the names go up. 11:00 to 11:20	From samples to concepts OBJECTIVE 03 Part 3, Concepts, Vote: which ideas to develop	Take the directions with the most chips and write up to three concepts together. For each one: where it starts, who it is for, the moment, its role in the range, the format, and whether it grows loyal users, new users or both. Type them straight into the cards on screen. Then everyone gets three dots on their phone to vote for the ones to develop.
